OUR Vision

Mondeor Eco School fosters a safe environment where all individuals are encouraged, empowered, and equipped to realise their fullest potential as reflective, empathetic and proactive members of society.

OUR Mission

A school that is: • Growth-oriented, sustainable, safe, active in the community • An advocate on social and environmental issues • Giving back to the community • Transparent, communicative, welcoming, passionate, responsible • Encouraging collaboration and communication	Learners who are: • Active and engaged in the community • Reflective and open-minded • Comfortable and critical readers in languages and mathematics • Committed to social justice and sustainability. • Emotionally intelligent, realistic • Empathetic, caring, tolerant
Staff who are: Professional and positive role models who uphold the school's values.	

OUR Values

OUR School

Mondeor Eco School, established January 2007, began humbly as a small home school with just four students and one teacher. By 2008, its enrolment had grown to thirty students, and by 2018, it boasted three hundred and fifty students.

Classes were small where learners could receive individual attention in a less stressful environment. The owners created a farm environment where nature and animals were used to assist in the development of learners. This also fulfilled a need in the schooling market for a more holistic approach to teaching.

Today, under the ownership of director Freddy Goss, Mondeor Eco School is guided by a competent management team with a collective fifty years of experience working with children. The dedicated teachers are committed to realising the school's educational vision, ensuring a rich and fulfilling learning journey for every student.

Together these teams form a stable and strong foundation for the future growth of Mondeor Eco School.

Freddy Goss, a passionate businessman who is dedicated to education, and fostering an environment where scholars thrive through commitment and nurturing from the team.

OUR Emblem

"LA BALANCE" is French and means "THE BALANCE".

OUR School Song

We'll honour our great school today the
best school of them all
We'll honour every rule we know
We'll all walk proud and tall
Between our spirit, body, soul a
balance there will be.
At one with nature, one with God
As happy as can be

In God se liefde staan ons trou
ons fondament staan vas.
Ons passie is ons kinders hier
in elke graad of klas. Ons het
u lief o Mondeor ons hef ons lofsar
Ons strewe sal vir altyd wees
om u eer hoog te hou.
